It is said that tea grown within twenty miles of Charleston has been put upon the New York market and commands a higher price than the best qualities of Chinese and Japanese teas.

Commissioner Schurman thinks that if Aguinaldo was captured that would be the end of the Phillippine fracas. That may be Aguinaldo's opinion too, which will account for his indisposition to be captured.

There are several cases of lockjaw in New York, the sequels of the toy pistol. The toy pistol is an innocent looking little thing, but there would be fewer cases of lockjaw from it if it was locked up.

Abram S. Hewitt, of New York, who has managed to accumulate several millions, says he never sought to acquire wealth, and now nearly every dollar he has is invested in business. That's the case with us—minus the millions.

It is said that there are 50,000 people in this country employed in making clippings from the newspapers, for people who enjoy seeing themselves in print, and that $50,000,000 are invested in keeping up and running these clipping bureaus.

Milly Stevens, a Georgia negress, said to have been 114 years old, died in Lexington, in that State, a few days ago. In order to remove all doubt, it is stated that she was of "ante-bellum" stock. None that old have put in an appearance since the war.

A St. Louis man wants to call this country "Usona," short for United States of North America. But what will he give us when we expand, take in the Philippines, Hawaii, the West Indies, South America and Liberia? Won't this make a pretty heavy draw on the alphabet?

Commenting upon the casualties on the Fourth of July, the New York *Tribune* remarks that if there were six murders a day, the public would be wild over the "epidemic of crime," and if there were six deaths a day from cholera or yellow fever, there would be a panic. But there isn't half as much fun in being murdered or dying of cholera or fever, as there is in being shot or blown up celebrating.

J. F. POST, SR., DEAD.

He Designed Many of the Most Beautiful Buildings in the City of Wilmington.

WAS 81 YEARS OF AGE.

Had Resided Here a Half Century—His Most Notable Work—Was a Confederate Veteran—Died Yesterday. Will be Buried To-morrow.

It is with especial regret that the STAR chronicles the death of another of Wilmington's most venerable and highly respected citizens in the person of Mr. Jas. F. Post, who during his residence of about a half century in this city has, in the exercise of his profession—that of architecture—in addition to extensive and creditable work in other cities, both prior to and since locating here, designed and supervised the construction of many of the most beautiful and substantial buildings, business and residence, of which the city can boast.

Mr. Post died at 2 o'clock yesterday afternoon at the residence of his son, Mr. James F. Post, Jr., after a serious illness of only two days, he having been on the streets greeting his friends Thursday. He suffered an attack of acute indigestion on Thursday night, from which he never rallied, sinking gradually until death. He was, however, perfectly conscious and rational until within less than two hours of his death.

The deceased was born near Caldwell, New Jersey, September 24, 1818, and was therefore in the 82nd year of his age.

While yet a mere youth he located in New York city and took a five-years' course in architecture. In 1841 he moved to Petersburg, Va., remaining eight years and coming from there to this city in 1849. He would have been a resident of this city just a half-century had he lived until November.

It was while a resident of Petersburg that Mr. Post was united in marriage to Miss Mary A. Russell, who survives her husband. There were four children. Two preceded their father to the grave, and two sons, both well known business men of this city, survive him, Mr. Jas. F. Post, Jr., the eldest son, being treasurer for the Atlantic Coast Line system, and prominently connected with the public school interests of Wilmington as chairman of the school committee, while his brother, Mr. Thos. R. Post fills with credit the responsible position of cashier of the freight department of the Atlantic Coast Line.

There is scarcely a street in Wilmington which is not adorned by some building designed by the deceased, and it is believed that he has during his career given employment to more carpenters and laborers than any other man conducting a similar business.

Among the most notable buildings in this city designed and erected by him are the City Hall and Opera House, the splendid Bellamy residence, corner Market and Fifth streets; the W. A. Wright residence, corner Sixth and Market, recently purchased by Hon. Jno. D. Bellamy; all the public school buildings, St. John's Episcopal, the First Presbyterian and other churches. He supervised the construction of the new court house and was the first supervisor of the new postoffice building. The admirably arranged and tastefully designed lodge at Oakdale cemetery is a splendid monument to his architectural ability.

It will be of interest to note also that Mr. Post drafted the plans and was contractor and builder for the first residence erected by the late John Jacob Astor in New York in 1840.

Mr. Post was a Confederate veteran having, although a Northern man volunteered in the Confederate army at the beginning of the civil war. He served as Lieutenant in Bunting's and other artillery companies. During the last two years of the war he was in charge of the construction of various fortifications, notably Fort Fisher and Fort Anderson, guarding the mouth of the Cape Fear river.

The deceased was a man of positive character, strong convictions and was in every way true to his friends. He was a Mason and an Odd Fellow. His grand-father was one of the first Dutch settlers and the grant made to his great grand-father by Queen-Elizabeth is still in possession of the family. The Posts are noted as a family of architects, the family not having been without a member in this profession for more than 300 years. The most distinguished at the present time being Geo. B. Post of New York, designer of the *World* building and the Produce Exchange.

The hour for the funeral has not been announced but will be sometime Monday, definite announcement being made at the various churches to-day. The delay is on account of the absence of Mrs. Jas. F. Post, Jr., who is visiting in Ellicott City, Md., and has been summoned by telegraph. The interment will be in Oakdale cemetery.

The funeral will be conducted from the residence, No. 102 North Seventh street by Rev. A. P. Tyer of Grace M. E. Church, assisted by Rev. A. D. McClure, of St. Andrew's Presbyterian Church.

WILMINGTON AND THE TOURNAMENT FOR 1900.

Effort Renewed To-morrow to Assure Coming of North Carolina Firemen to This City Next Year.

In a letter to Captain W. P. Monroe, Assistant Chief of the Wilmington Fire Department, received from Dr. J. W. Griffith, of Greensboro, secretary of the North Carolina Fireman's Association, yesterday, the statement was made "that there is no reason why Wilmington could not get the 1900 tournament provided the prize list was guaranteed at the convention to be held at Greensboro, August 1st to 4th." That is, the business men of Wilmington must pledge themselves now to raise sufficient amount of money, about $1,200 to provide prizes for the 1900 tournament if held here. It will also require subscriptions of from $300 to $500 in addition to this to provide certain features of entertainment which it will be necessary to have. It is said that Greensboro subscribed $1,500 to the prize and general fund for the tournament to be held there in August.

Capt. Monroe said last night that he will start out again to-morrow (Monday) morning and make a thorough canvass of the business men of the city with the view of securing the supscriptions. Many people in Wilmington are very anxious to secure the tournament for this city. It will certainly prove a very valuable advertisement for the city and attract thousands of people here during its session. The Mayor and Board of Aldermen have already extended the tournament an invitation.

AT HILTON PARK.

Cyrene Vaudeville Company Begins a Week's Engagement There To-morrow Night.

The STAR mentioned several days ago that Manager Skelding, who is ever on the alert to provide the patrons of the Street Railway Company not only with the best of car service, but with first class seasonable attractions at Hilton Park, had made arrangements for the appearance of the Cyrene Vaudeville Company for one solid week. It is now definitely decided that the opening engagement will be at the park to-morrow night.

The company has just closed a very successful week at Raleigh and the papers of that city speak very complimentarily of the entertainment afforded. The *Morning Post* of a recent date, in speaking of the show, says:

"During the evening—from 8 to 11 o'clock—about one thousand people visited Pullen Park last night to witness the performance of the Cyrene Vaudeville Show, from 500 to 700 people being at the park at one time. Among the visitors were large numbers of the best people in Raleigh, including the heads of such families, their wives and daughters. Quite a number of these were asked how they enjoyed the evening, and without exception, all of them expressed themselves as highly pleased, and especially congratulated themselves and their neighbors that such a source of recreation for the long and warm summer evenings had been provided in Raleigh."

The show is absolutely free to all street car patrons, and tickets for reserved seats will be furnished on the cars en route.

Tournament at Whiteville.

Whiteville people are making elaborate preparations for a gala day in their town on Thursday, July 20th. A correspondent of the STAR, writing under date of yesterday, says that a reduction of one-third from the regular fare has been made for the occasion by the Atlantic Coast Line, and a tremendous crowd is expected. In addition to the tournament and public dinner, music will be furnished during the day by the Chadbourn Cornet Band, and for the reception at night by Francisco's Italian Band of Wilmington. In the afternoon a match game of base ball between the Whiteville and Fair Bluff teams will be the attraction. The STAR is under obligations to Wade Wishart, Esq., of the Whiteville bar, for an invitation to be present on this occasion.

Unsightly Streets.

Chief of Police Parmele has instituted a crusade against the indiscriminate piling of goods boxes on the sidewalks in front of their stores by certain wholesale and retail merchants of the city. While this might be tolerated to a limited extent on week days, Chief Parmele says there is no excuse for allowing them to remain over Sunday, to be remarked about by the large number of visitors to the city who come to Wilmington and the seashore on Saturdays, remaining over until Monday. A number of the street carts were out last night gathering them up and removing them to the lot at the back of the city hall.

Tax Valuations.

Yesterday afternoon the Board of County Commissioners completed the work of equalizing as far as possible the property tax valuations as made by the Board of Assessors during the month of May. It has been a laborious task and the board has been almost in constant session since the second Monday in the present month. In many instances members of the board have found it necessary to drive over the city in order to make the proper valuations and the work has been tedious in the extreme. It is unnecessary to say that the valuations as amended are much more satisfactory to property owners than before.

"WHITTLE-TIE CUT" WITH WILMINGTON AND WILSON.

Base Ball Game Yesterday at Hilton Park Resulted in a Tie—Many Spectators—Good Playing.

One of the most interesting base ball games played on the Hilton Park diamond thus far this season was the one yesterday afternoon between the Wilson and Wilmington team, the contest having closed in a tie, the score standing 6 to 6.

The crowd was one of the largest that has attended any game of the season and very much enthusiasm was manifested during the progress of the game. Until the eighth inning there was every indication that Wilmington would be victorious by two or three points, the score standing at that time five to three against Wilson.

Wilmington made four runs in the first inning, one each by Zellers, Schutte, Brunson and Watson.

The result of the second inning, however, seemed to materially check the enthusiasm and boastfulness of the Wilmington team and their host of admiring "fans" and "rooters," Wilson scoring three runs. They were made by Pearson, Brake and Skinner. Neither team scored in the third inning. In the fourth B. Jones scored a run, making Wilmington's score 5 to Wilson 3.

The next scores were by Wilkins and Pearson, of the Wilson team, one each, in the eighth inning. These brought the score to a tie, paving the way for the ninth and last inning to be one of intense excitement.

During the inning each team made a run, Morton for Wilmington and Jordan for Wilson. The spectators cried loudly for the game to continue until the tie was broken, but the game was called.

The official score by innings was as follows:

	1	2	3	4	5	6	7	8	9
Wilson	0	3	0	0	0	0	0	2	1—6
Wilmington	4	0	0	1	0	0	0	0	1—6

The line-up was as follows:

WILMINGTON.		WILSON.
Morton	s. s.	Woodward
Zellers	c.	Brake
Schutte	3d b.	Jordan
Brunson	p.	Person
Watson	1st b.	Wilkins
Alston	2d b.	Anderson
Jones, E.	r. f.	Chamberlain
Hatch	c. f.	Gardner
Jones	l. f.	Skinner

The following is the record of players: Struck out—Brunson, 11; Person, 6. Hits—Wilmington, 11; Wilson, 5. Two-base hits—Morton (2) and Zellers, for Wilmington; Wilkins, for Wilson. Base on balls—Brunson, 5; Person, 0. Errors—Wilson, 1; Wilmington, 0.

SOUTHSIDE BAPTIST CHURCH.

Rev. B. Lacy Hoge, of Concord, Has Concluded a Very Successful Meeting.

Rev. B. Lacy Hoge, Mrs. Hoge and little daughter, Annie, left yesterday morning for Selma, N. C. Mrs. Hoge and daughter will remain at Selma on a visit to friends and relatives for several days and Mr. Hoge will go to Durham, near which place he has an appointment to conduct a series of revival services similar to those just concluded at Southside Baptist Church.

The meetings at Southside were the most successful held since the church was organized. Friday night the sermon of Mr. Hoge on "Baptism and Communion" was said by competent authorities to have been the best delivered during the week. After the regular services on that night twenty candidates were baptized and two admitted to church membership by letter. Mr. Hoge was greatly assisted in the work of the meeting by Mrs. Hoge, who held nearly every evening a prayer meeting of thirty minutes duration for the ladies only.

With thirty-eight in ranks, the Wilmington Light Infantry left yesterday afternoon at 2:25 o'clock over the Wilmington and Newbern railroad for Morehead City for a seven day's encampment.

The members of the company assembled at the armory at 1 o'clock, and after forming a line of march under command of Captain C. H. White, proceeded down Market to Front street, and thence down Front to the depot, where they boarded a special car attached to the outgoing Newbern train, leaving at 2:25 o'clock P. M., as stated.

The itinerary and roster of the company was published in the STAR yesterday.

HUNDREDS OF GUESTS

All The Seaside Hotels Are Now Crowded With Pleasure-Seekers.

MANY ARRIVALS YESTERDAY.

Each Week Eclipses Its Predecessor in Number of Visitors and Round of Pleasure — Seashore's Dance. Successful Canoe Race.

Each passing week is now more distinguished than its predecessor in the number of visitors who flock to Wilmington and her seaside resorts, Wrightsville and Carolina beaches, in search of social pleasure, refreshing seabreezes and surf-bathing. The hotels on Wrightsville Beach, Seashore and Ocean View, have been thronged with guests all the week, large numbers having been turned away on at least two nights. The Oceanic Hotel, on Carolina Beach, has also been full to overflowing, especially during the late sessions of the North Carolina Press Association. A number of the cottagers also allowed proprietor Jenkins, of the Oceanic, to assign guests to bedrooms in their cottages, they taking their meals at the hotel.

There was the usual influx of week-end visitors over the Seaboard Air Line and Atlantic Coast Line during yesterday, the people coming from various points in and out of the State along these two railway systems. There were probably 250 or more over the S. A. L. and nearly or quite as many over the A. C. L. They went on the afternoon and evening Seacoast trains to Wrightsville or on the steamer *Wilmington* to Carolina Beach. Many of them will spend some time and others will return home Monday or Tuesday.

In the matter of social attractions the past week has been especially notable, the most distinguishing features being the Hanover Seaside and the Sedgeley Hall club receptions complimentary to the visiting editors on Wednesday and Thursday evenings and the dance complimentary to the visiting young ladies by Atlantic clubmen on Friday night.

As usual, Seashore Hotel crowned the week's features with a delightful dance last night. The event was well up to the high standard fixed by preceding events of the kinds Manager Crawford, Chief Clerk Green and assistants maintaining well their reputation as hosts. The following were among the guests and visitors in attendance:

Mrs S. L. Burt, Miss Stinson, Charlotte; Mrs. Frost Torrence, Mrs. J. W. Sprinkle, Miss Lillie Johnton, Gastonia; Sol Weil and wife, Miss Dortch, Goldsboro; Mr. and Mrs. W. SAILED AROUND TO WRIGHTSVILLE.

"Pleasure Seeker" With Party On Board Arrived Safely Yesterday.

The tidings yesterday from Captain Clarence Maffitt, who left Friday afternoon on board his handsome ship's yawl, the *Pleasure Seeker*, for a sail around to Wrightsville Beach, were that he with his guest, George H. Howell, Esq., had reached their destination safely and were enjoying numerous sails around the beach immensely.

Leaving Wilmington at 4 o'clock in the afternoon the *Pleasure Seeker's* "log" shows that Southport was reached as 10:30 o'clock Friday evening. Early Saturday morning Captain Maffitt set sail and passed over the bar at 9 o'clock. He reached the beach yesterday morning and "tied up" at the Atlantic Yacht Club's pier.

It was an excellent trip, so they say, and the *Pleasure Seeker* won for itself the title of "Gem of the Lower Cape Fear," having not even shipped one teaspoonful of water on the entire trip.

WILMINGTON, N. C.

SUNDAY MORNING, JULY 16, 1899.

IS ALGER TO BE A SCAPEGOAT?

Alger made a scapegoat of Eagan, and he did it with the knowledge and connivance of McKinley. Is McKinley going to make a scapegoat of Alger? It looks that way if there be any foundation for the numerous reports that come from Washington as to the relations between the President and him and between him and the other members of the Cabinet, who are said to be anxious that he resign, while he doesn't show the slightest disposition to gratify them. It is said that the President is becoming uneasy at his presence in the Cabinet because he has been informed that by continuing Alger in the Cabinet he is creating antagonism against himself in some of the Western States, and that he may loose the votes of the delegagations from these States in the convention. This gives Mr. McKinley trouble, for he has set his heart on a second term, but it makes the situation embarrassing for him, for he does not like to tell Alger to go while he really wants him to go.

It is asserted that Alger understands this, but it puts him also in an embarrassing position. He wants to go to the U. S. Senate, and his chances for election will be better as Secretary of War than they would be if he resigned by request or permitted himself to be driven from the Cabinet "under fire," as he expresses it. That would be used against him, for his opponents would contend that it would be disgraceful to Michigan to send a man to the Senate who had been driven in disgrace from the Cabinet.

Alger has been a fearful blunderer, there is no doubt of that, but that is no reason why the President and his adherents who are anxious to have him retired should make a scapegoat of Alger now after having kept him in the Cabinet so long, in the face of the popular clamor for his dismissal, and thus tacitly endorsed his administration of the war office. Mr. McKinley stood by him and assumed responsibility for his acts until he formed that combine with Governor Pingree, and reports came from those Western States of the danger of losing votes in the convention. Then, according to report, he began to cool on Alger, and adopted the method of trying to freeze him out of the Cabinet.

As we see it this is worse than the offence of keeping Alger in the Cabinet, for it is inspired by a selfishness that would sacrifice Alger to promote McKinley's chances for a renomination. If he had the nerve the opportunity was presented when Alger formed that combine with Pingree to say to Alger that after a combine with a man who was known to be hostile to the President and to the Administration's Philippine policy, his presence in the Cabinet would be embarrassing to both of them. If Alger didn't take a hint like that more pointed language might be used, and thus the President might have gotten rid of Alger without seeming to be influenced by popular clamor, or by the fear of losing votes in the convention.

Whether Alger go, or remain in the Cabinet, as he says he will, McKinley and his supporters should not be permitted to make a scapegoat of him, for McKinley is quite as much, if not more responsible for the mal-administration of Alger than Alger himself. He heard the clamor against Alger, he knew all about the embalmed beef charges, he knew how Alger was plotting against Gen. Miles and sending dispatches on the sly to prevent Miles from carrying out his plans. He knew how Alger was snubbing Miles and thus virtually snubbing the army through its commander, who was kept at Washington doing monotonous routine duty, when he should have been at the seat of war directing the movements of the army, as he desired to be. Mr. McKinley knew all this, he connived at it and virtually endorsed it by his silent acquiescence and by keeping Alger in the position for which he had demonstrated such eminent unfitness.

The supporters of McKinley may sneer at Alger, and declare that he ought to resign and get out of the way, but McKinley is more deserving of censure for keeping Alger in a position where he could do so much harm than Alger is for remaining there. The thing for McKinley to have done when it became apparent that Alger's administration of the War Office was causing popular indignation and disgust was to remove him and call into that department some more competent and acceptable man. He didn't do that but stuck to him, and to remove him now because his presence in the Cabinet may jeopardize votes wanted in the convention, would be more discreditable to McKinley than Alger's holding on in the face of the pressure to force him out is to him. McKinley and Alger, as far as the war management and blundering goes, are in the same boat. They ought to go together.

"EVIDENCE OF GOOD INTENTIONS."

When Chauncey M. Depew arrived in New York from his rusticating trip in Europe he talked. There is nothing remarkable in that. The remarkable thing would be if Chauncey didn't talk. Of course he told what the numerous big Englishmen and others with whom he associates and swaps chestnuts while over there think about our racket in the Philippines, and the suggestions made to help us out.

Among other things he told was a story about some top-notch Englishman who remarked that the easiest way out of the mess would be to "square" with Aguinaldo, by which he meant to buy him. To this Mr. Depew, as he says, replied that this country would send 200,000, 300,000 or if necessary 500,000 men to the Philippines and wallop the whole caboodle of them before it would pay one nickel, or words to that effect, to buy Aguinaldo. Thereupon the Englishman relapsed into a silence thick enough to be sliced with a machete, and doubtless marvelled at what manner of people these Americans are, who would rather do a great deal of fighting than a little trading like that. In this connection the following cable dispatch will be interesting as a companion piece to Mr. Depew's deliverance:

"MANILA, July 12.—General John C. Bates left here to-day for Jolo to negotiate with the Sultan of the Sulu Islands, concerning a basis for relations between him and the United States.

"General Otis instructed General Bates to promise the Sultan that the United States would fulfill all the Spanish obligations in his case, including the payment of his salary and those of his chiefs.

"General Bates also took with him a present of $10,000 for the Sulu potentate as evidence of the good intentions of the United States."

That dumbfounded Englishman will understand, of course, when he sees this, that it is not the intention to buy the Sulu boss, but simply a $10,000 "evidence of the good intentions of the United States." That's all.

SPLENIC FEVER.

The stock raisers and dairymen of the State have become alarmed at the spread of splenic fever, which made its appearance a short while ago in some of the herds in the Central and Eastern parts of the the State, and has proved fatal to many valuable cattle. As this is a matter in which many are interested we clip the following from the Raleigh *News and Observer*, of Saturday, in which is given what is claimed as a cure for the disease:

"Last night Mr. John Broughton, of Garner, telephoned the *News and Observer* that he had discovered a remedy for the splenic fever by the use of which he thought he had saved over a dozen of his cows that were suffering from this dread disease.

"The remedy he describes as a strong solution made with sun-cured manufactured tobacco into which is stirred a generous quantity of cooking soda. This is used as a wash for the cows, and seems very grateful to the suffering animals. It not only kills the ticks, but its healing effect on the sores is rapid and marked. By its use Mr. Broughton believes he will prevent any more deaths among his herd.

"It is true the strength of the wash at first makes the cow drunk or sick, but this soon wears off, Mr. Broughton says, and no further trouble follows, the cow's recovery being rapid.

"It is beginning to look as if the splenic fever will become epidemic among the cattle of this section of the State.

"Within the past two weeks four herds have been reported as dying from it in Wake county—two of them quite large.

"In a herd of fifty head at Rocky Mount fourteen have died—six of them within the past few days. Two are now seriously sick.

"Yesterday a letter was received at the Agriculture Department from Pineville, Mecklenburg county, saying that the the cattle of that section were dying from some mysterious edidemic, now believed to be splenic fever. The writer of the letter requested that an expert be sent to investigate the epidemic and, if possible, check its ravages.

"In compliance with this request Dr. Curtice will this morning go up to Pineville."

As this is a simple and inexpensive remedy, in the reach of every one, it is worth trying. The simplest remedies are sometimes the best.

The Prince of Monaco sinks a good deal of the money he pulls out of Monte Carlo in the sea. He spends it making sea explorations and gathering sea lore.

STRANGER THINGS HAVE HAPPENED.

When President McKinley and General Wheeler were swinging 'round the South a year or so ago, when McKinley was saying such nice things about a re-united country, and paying such generous tribute to the Confederate soldiers, living and dead, and General Wheeler was responding with such nice remarks about President McKinley, the Stars and Stripes, etc., considerable enthusiasm was evoked and the people responded warmly to these sentiments. About that time some Southern editor who was captivated by the patriotic utterances of the President, and the strong tie that seemed to bind him to General Wheeler, suggested McKinley and Wheeler as running mates on the Presidential ticket in 1900. He was carried away by his enthusiasm. But he isn't the only one who was struck with that idea, as will be seen by the following Washington telegram to the Philadelphia *Times*, under date of the 12th inst:

One of the oldest members of the House of Representatives said to me this evening.

"President McKinley never does anything merely for effect. He always has an object in view. When he advocated decorating the graves of the Confederate dead it was not the mere utterance of a sentiment; it was not the vaporing of a careless mind. McKinley had an object in it—a well considered object. He intends to carry some of the Southern States next year. He expects to lose some of the Northern States. He is looking farther into the future than are the politicians who are predicting his nomination and defeart.

"President McKinley had an object in sending General Joe Wheeler to Cuba, and in keeping him at the front. He has an object in sending General Wheeler to the Philippines. The little ex-rebel is a born soldier, and educated military man. By order of the President he will be kept at the front when he gets to the Philippines, and he will be given every opportunity to add new laurels to his soldierly reputation.

"The people of this country admire military heroes. They would vote almost unanimously for Dewey if he would accept the Presidential nomination. The Democrats desire to have Schley on their ticket next year. How would you like the Republican ticket to be McKinley and Wheeler?

"Think of it for a few days."

There may be something in this or there may not be, but there would be nothing strange in it if it were true. Mr. McKinley wants to be re-elected, and it would be especially gratifying to him to receive Southern support, and be elected as the representative of a united country in an election in which no North and no South, no sectional lines, figured. Whether he had this in view, as asserted by the Congressman referred to in the above dispatch, it doesn't matter, for it is a fact.

In selecting General Wheeler as his running mate he would have both a Southerner and a military hero having all the prestige and requisites of popularity. The only possible hitch in this programme, assuming that there may be anything in the statement of this Congressman, is would a Repu blican convention nominate a Democrat for the second place on the ticket and if it did would Wheeler accept? But these are days of strange and peculiar developments, and stranger things than this have happened.

R. P. Schott, of Steubenville, Ohio, who wants the Republican nomination for Congress from his district, wants it very bad. To avoid a racket in the convention he makes the unique proposition to put the nomination up for sale to the highest bidder, and he agrees to start it at $10,000. He furthermore agrees to devote the entire salary of the office during his incumbency to the education of young men in the five counties of his district, $1,000 a year to each county. He is after "glory," not lucre.

CURRENT COMMENT.

—— President Schurman of the Philippines commission gives us the soothing assurance that of all the islands only Luzon remains to be licked. As this seems to have been the condition of affairs from the outset it cannot be said that Mr. Schurman's remark is distinguished for its novelty.—*Jacksonville Times-Union and Citizen Dem.*

—— Justice is slowly but surely recovering her own in France. M. Lebon, the War Minister, to whose unscrupulous instructions were due the cruelties practiced upon Captain Dreyfus on Devil's Island, is the next to require the attention of the French Government. Some of the worst members of the Anti-Semite conspiracy have already taken refuge in suicide and Mr. Lebon would probably do well to imitate their example.—*Philadelphia Record, Dem.*

—— Some of the American contractors have tried to palm off bad beef on the British navy. They did not have the same success they did did with the United States War Department, for 30,000 pounds have been promptly condemned. Moreover, the discovery that an attempt to foist a bad ration on them has caused the British naval authorities to consider the advisability of purchasing elsewhere in the future. Should they do so, the general feeling will be that it will serve the contractors right.—*Philadelphia Ledger, Ind.*

OUR OWN.

MARGARET E. SANGSTER.

If I had known in the morning
How wearily all the day
The word unkind
Would trouble my mind
I said when you went away,
I had been more careful, darling,
Nor given you needless pain,
But we vex "our own"
With look and tone
We may never take back again.

For though in the quiet evening
You may give me the kiss of peace,
Yet it might be
That never for me
The pain of the heart should cease.
How many go forth in the morning
That never come home at night!
And hearts have broken
For harsh words spoken
That sorrow can ne'er set right.

We have careful thoughts for the stranger,
And smiles for the sometime guest;
But oft for "our own"
The bitter tone,
Though we love "our own" the best.
Ah, lips with curve impatient!
Ah, brow with that look of scorn!
'Twere a cruel fate
Were the night too late
To undo the work of the morn.

The Eye as a Camera.

That an image of the object seen is formed on the retina of the eye is certain, but whether the impression is evanescent or remains for an appreciable time after the object is removed was the subject of doubt. A photographer—a certain Mr. Roger—is reported to have made some experiments recently by way of testing this, with a remarkable result. He gazed for fully a minute at a shilling placed in a strong white light, then, in a yellow screened room, looked fixedly for 40 minutes at a sensitized plate. On developing the plate an outline of the coin was distinctly visible.

He next, in the presence of a witness, repeated the experiment, but substituting a postage stamp for the shilling. He looked at the stamp for a minute and then at a photographic plate for over 20 minutes, and development brought out a faint but recognizable image of the stamp.

This may be thought to lend some countenance to the suggestion that a murdered man's eye may retain an impression of the murderer's face which a photographic lens might be able to see and reveal.—Pearson's Weekly.

Russia's Danger.

The rulers of Russia may yet find that, though in raising their czars so high they have strengthened loyalty and deepened obedience, they have dissolved the power of self restraint, which is the necessary defense of the mind. The Julius Cæsars, there can be little doubt, drank too deep in the maddening draft of power, and round Moscow the world is flatter than round Rome.—London Spectator.

TUCKED VEILING COSTUME FROM HARPER'S BAZAR

THE design of a veiling costume reproduced from HARPER'S BAZAR and illustrated on this page, has an effective bodice, self-trimmed, and one that will prove easy to reproduce. The back of the garment is seamed, groups of four tucks meeting exactly in the centre. The upward-turning tucks of the front of the bodice meet the back tucks in the under arm seam with a corresponding exactness. The bodice buttons in the centre of the front over a long narrow vest. The long oblique tucks end at the centre line of the front, but the material extends three and one-half inches beyond, forming a full ruffle that runs from neck to waist-line. Where greater trimming is desired than these two almost meeting ruffles, a centre frill of lace or of doubled mousseline de soie is suggested. The top group of tucks extends only to the collar line at shoulder seam. The high pointed collar is edged with three narrow folds of the veiling, and a cravat of white mousseline should be worn to obtain the effect shown in the illustration. The long sheath sleeves are tucked with groups of four tucks, marked as are those of the waist. The sleeves continue over the hand without separate cuff.

The skirt is a tight sheath, trimmed at the foot with a wide straight ruffle ten inches deep in the front and twelve in the back when completed. It is made of plain veiling cut on the straight of the goods and vertically tucked to within six inches of the hem in groups of four tucks each. The over dress continues the scheme of grouping of four tucks that fit the figure around the hips and end in graded depths to suggest the outlines of an apron.

Of veiling 44 inches wide, 10 yards will be sufficient to make this costume, together with 12 yards of silk for the sheath under-skirt and bodice lining.

SPIRITS TURPENTINE.

— Smithfield *Herald*: The "revenuers" occasionally make a raid in this county and capture a still or two. But it is very seldom the case that the owner or the operative is caught.

— Red Springs *Citizen*: Several deaths have occurred among horses and mules in this section during the past week Mr. John Powell lost a good one last Saturday and Mr. John W. Graham's splendid animal, for which he had refused to take $200, died Monday night. Mr. Jack Clark reports a similar loss and Mr. Jeptha Gibson the death of a mule.

— Monroe *Enquirer*: Mr. Darling Broom died at his home near Olive Branch on Saturday, July 8th, 1899. Deceased was about seventy-five years of age. —— Some of the Populists and Republicans in this county are speaking out in favor of the amendment while others are waiting to hear the crack of their political ringmaster. —— The cotton Seed oil mill and fertilizer works will be built near the railroad on the Butts place, east of town. Twenty-one thousand dollars stock has been taken in the mill, and work on the building will commence at once. The plant will be in operation by the first of next November.

— Lincoln *Journal*: The best wheat crop that we have so far heard from, is that raised by ex-Register of Deeds J. F. Killiam on his farm near Denver. He sowed 1½ bushels on 1 11-12 acres and got 75 bushels—over 37½ bushels to the acre. He sowed 13 bushels and got an average of 27½ bushels to the bushel sowed. He made 800. Mr. J. A. Lore, who farms the Caldwell place, threshed his wheat crop this week. He made 1,960 bushels, an average of 20½ bushels to the acre. The upland wheat averaged 24 bushels to the acre. On 90 acres he made 1,850 bushels. His last year on 125 acres was 1,102 bushels. —— Osborn Howard, whose incarceration on a charge of housebreaking and burning we mentioned last week, is trying to starve himself to death. He has eaten nothing since he was placed in jail on Wednesday of last week. His relatives made up the $200 bond required of him, but before he could be released under that bond, he was tried under a peace warrant sworn out by Mrs. Katie Luckey and required to give another bond of $250. This he has so far failed to do. His condition seems to have become serious. Nothing seems to tempt him to eat and he is growing weaker.

"Doctors failed to reach my case and advised me to try a higher air."

There is no greater irony than a recommendation of change of climate to those whose circumstances make change of climate impossible. How many a sufferer in such a case has wistfully watched the flight of the south-seeking birds, and cried with the Psalmist, "Oh that I had wings." But suppose you can fit the lungs to the climate instead of fitting the climate to the lungs. That is what has been found possible by those who have used Dr. Pierce's Golden Medical Discovery. It so purifies the blood, removing the clogged and poisonous conditions favorable to disease, that the whole body is strengthened. With new strength comes new power, and disease is resisted and thrown off.

There is no alcohol, whisky or other intoxicant contained in

Dr. Pierce's Golden Medical Discovery.

"I feel that I owe a debt of gratitude to you for preparing such grand remedies, for chronic diseases especially, which the doctors failed to reach," writes I. B. Staples, Esq., of Barclay Osage Co., Kans. "I am a railroad agent, and four years ago my work keeping me in a warm room and stepping out frequently into the cold air gave me bronchitis, which became chronic and deep seated. Doctors failed to reach my case and advised me to try a higher air, but, fortunately for me, a friend also advised me to try Dr. Pierce's medicines. I commenced taking your 'Golden Medical Discovery,' and by the time I had taken the first bottle I was better, and after taking about four bottles my cough was entirely gone. This was a year ago last winter; and again last winter I took about three bottles to prevent a return of the trouble. I have found no necessity for seeking another climate."

Dr. Pierce's Pleasant Pellets are powerful aids to the cleansing of the clogged system. By all dealers in medicine.

COTTON MARKETS.

By Telegraph to the Morning Star.

NEW YORK, July 15.—The cotton market was narrow and featureless in the absence of stirring news of consequence. Cables were disappointing, both as to spot sales and the future list of quotations—the former showing a total of about 6,000 bales and the latter a decline of one-half sixty-ourth. Weather news was generally favorable, but bearish crop conditions were thought to have been over discounted and selling for short account was upon a very conservative scale. The market opened unchanged to one point lower, ruled a point or two easier and then rallied on a little local covering. August liquidation was a feature of the early trading. The market closed steady at 1 to 2 points net lower.

OVERDIPLOMATIC.

Poor Old Meekton Gets Into Trouble Once More.

Mr. Meekton was gazing at his wife with that inane and amiable fixity which comes into a man's face when he has been napping and is ashamed of the fact.

"Leonidas!" she said sternly.

"What is it my dear?" he inquired as he straightened himself up in his sleepy hollow chair.

"What is the matter?"

"Nothing is the matter," he said, growing red in the face. "I haven't intimated that there was anything wrong, have I?"

"No. But you have been behaving rather queerly. Just now you gave a little start and exclaimed, 'Yes, Henrietta, I agree with you perfectly!'"

"Well," answered he apprehensively, "there isn't anything in that to take exception to, is there?"

"Are you sure you meant it?"

"Every word of it."

"You had given the matter due consideration before you spoke?"

"Certainly. Do you doubt me, Henrietta?"

"Oh, no! But I can't help attaching some significance to the fact that I hadn't uttered a word during the ten minutes previous to your enthusiastic indorsement of my sentiments."

"Well, to tell the truth, Henrietta, I had been asleep and something woke me, and I naturally supposed—that is to say, I took it for granted"— And then he gave it up.—Washington Star.

Potated Paragraphs.

The advice a man really needs is usually unappreciated.

"Is that so?" said the sympathetic inquirer. "Sure, and it can't be very pleasant for ayther of ye."—New York World.

Pleasant For John.

Character Reading.

Sophia, though very diffident, is a clever and intellectual girl. She is particularly fond of art and poetry. To those who do not understand her she may appear unnecessarily morose and serious.—Scraps.

Professional Ethics.

"Say," said the gentleman with the check shirt, plaid suit and thunderous diamonds, "if you will go in with me I've got a guy that we can work for a couple of thousand in a poker game, and you can have half."

"Sir!" replied the young lawyer. "This is a personal insult!"

"Excuse me," continued the wily tempter. "Of course I didn't mean this here as a personal affair. We will call it retaining you professionally."

"Er—how much did you say he had?"—Indianapolis Journal.

What He Wanted to Know.

"I say!" bellowed Chump to his grocer. "I bought some matches like these of you yesterday, and you said that they were safety ones."

"So they are, sir," said the grocer.

"Nonsense!" roared Chump. "I left a box of 'em in my dining room last night, and a burglar broke in and used 'em to find out where I kept my silver! What I want to know is, where's the 'safety' about the confounded things?"—Nuggets.

Her Fear.

At the end of the second act they were parting, perhaps forever.

"Kiss me!" he pleaded gently.

The young girl shrank away.

"I'm afraid I might wrench my back!" she faltered, for with a fiercely ambitious artist like her it must be Olga Nethersole or nothing.—Detroit Journal.

Tautology.

"Let me," said Civilization sweetly, "take you by the hand and lead you into the higher light."

"Beg pardon," said Barbarism shortly after. "That is not my hand. That is the scruff of my neck."

True, he was tautological, but what could be expected?—Indianapolis Journal.

Botanic Blood Balm

(B. B. B.)

THE NEW BLOOD CURE FREE.

A Cure for Blood and Skin Diseases. Eczema, Ulcers, Pimples, Scrofula, Blood Poison, Cancer, Kidney Trouble, Boils, Malaria, Rheumatism.

A Trial Treatment Sent Privately by Mail Free to All Who Suffer.

If any man or woman suffering from any Blood or Skin Trouble will write us we will send them free of charge and prepaid to destination a trial bottle of Botanic Blood Balm (B. B. B.), the famous Southern Blood Remedy. It has permanently cured thousands of cases, some of 20 years' standing, and after doctors, hospitals and patent medicines had failed. Remedy has been thoroughly tested for past 30 years and is perfectly safe to take by old or young. Blood Balm is an honest, inexpensive remedy that you may test before you part with your money.

Cures Made by Blood Balm.

Allan Grant of Sparta, Ga., cured of painful sore on lip called epithelial cancer; Julia E. Johnson, Stafford P. O., S. C., cured of a terrible itching eczema of 13 years' standing; W. A. Bryant, Moody, Tex., cured of salt rheum on hand. B. W. Beazley of Americus, Ga., suffered with sores all over his body eating into holes. Blood Balm cured him; sound and well. L. H. Sewell of Atlanta, Ga., cured by four bottles of a terrible eating ulcer on leg. S. W. Pope of Jackson, Ga., had violent skin disease, entire body almost a scab, yet permanently cured by B. B. B. J. J. Head of Athens, Ga. had eczema on hands, arms and legs, suffered five years, tried doctors and patent medicines. Blood Balm cured him, only a few scars remaining where the sores had healed. Mrs. W. J. Steed of Augusta, Ga., had recurring boils, was cured by only five bottles three years ago. Perfectly well since. Mrs. M. L. Adams of Freedonia, Ala., had deadly cancer, was given up to die by nine doctors, yet was cured by Botanic Blood Balm. W. P. McDaniel of Atlanta, cured of rheumatism, but what more need we say? We could fill this paper with wonderful cures, and remember, all these troubles are caused by Bad Blood in the system, and Blood Balm cures because it forces all the poison outward, hence there cannot be a return of the symptoms.

Don't trifle with blood troubles, and remember, even if sarsaparilla, tonics, doctors and salves have failed in your case, that B. B. B.—Botanic Blood Balm—is different from anything else, and cures, to stay cured, by expelling the poisonous matter from the blood. This is the only remedy that cures in this way.

How to Obtain Blood Balm.

Write for Free Trial Bottle.

If you are satisfied that Botanic Blood Balm is what you need you will find large bottles for sale by all druggists for $1.00, or six bottles (full treatment) $5.00. For free trial bottle address Blood Balm Co., 149 Mitchell street, Atlanta, Ga., and bottle and medical book will be sent, all charges prepaid. Describe your trouble and we will include free personal medical advice. we su je 28 1y

The Morning Star.
WILMINGTON, N. C.
SUNDAY MORNING, JULY 16, 1899.

BRAZOS RIVER FLOOD.

Weather Bureau's Special Bulletin—Total Losses Will Aggregate Nearly Ten Millions.

By Telegraph to the Morning Star.

WASHINGTON, July 15.—To-day the Weather Bureau issued a special bulletin on the recent flood in the Brazos river district, Texas. The bulletin is accompanied by a map and tables showing phenomenal rainfalls.

Professor H. A. Hazen, in an introductory article, says: "It must be said that, after allowing for all the conditions, we still have a most serious difficulty in accounting for such rains, which are analogous to so-called cloud-bursts, about which almost nothing is known."

I. M. Cline, the Texas forecast official, says in his report that in places the river was more than twelve miles wide. The damage to the crops, he says in his report, has been very great. There was a large acreage in cotton, corn, sugar cane and other crops. Cotton planters have suffered most. Sugar cane plantations in the Brazos bottoms have suffered much. In some places half the crop has been destroyed. Farming implements, stock and many of the small tenant houses in the bottoms have been washed away. The total losses, judging from press reports and other available information, will aggregate nearly ten million dollars.

"Action has already been taken by some farmers to plant other crops where cotton and corn have been destroyed. Some cotton will be planted, but to what extent cannot be even approximated. It is desired to make the district self sustaining as soon as possible, and many who have interests along the Brazos river consider this the best course to pursue."

RIDDLED WITH BULLETS.

Si Smith, Charged With the Murder of W. B. Bell, Shot to Death in the Jail of Hall County, Ga.

By Telegraph to the Morning Star.

GAINESVILLE, GA., July 15.—A mob of about thirty men surrounded the Hall county jail early this morning and by a clever ruse tricked the sheriff into admitting them into the jail, after which five of them went to the cell of Si Smith, the murderer of Judge W. B. Bell, of Atlanta, shot him to death, riddling his body with bullets and spattering his blood on the cell walls.

The mob pretended to be a sheriff's posse from Gwinett county with a prisoner who they wanted to lodge in the Hall county jail for safe keeping. The leader of the mob said he was the sheriff of Gwinett, and the unsuspecting sheriff of Hall county (W. B. Munday) admitted the men.

After their bloody work the mob quickly dispersed. The Governor will be asked to offer a reward for the capture of the men composing the mob. There is great indignation among the people here that such a crime was committed.

Smith was asleep when the mob entered. Without warning or arousing him one of the mob deliberately levelled his pistol at the sleeping form and emptied it, one of the first bullets piercing the heart of the victim. The other men opened fire on the prisoner and when they ceased firing the victim's body had been riddled with bullets.

The sheriff said the leader of the mob was about fifty years of age and the others all young men, all well dressed, one of whom was fleshy and clean shaven. The coroner of Hall county summoned a jury this morning and held an inquest but no verdict was reached.

Si. Smith was recently captured in Habersham county and was brought here and lodged in jail for safe keeping. He was held for the murder of W. B. Bell, who formerly travelled for an Atlanta drug house.

YELLOW FEVER AT SANTIAGO

Up to July Tenth There Have Been 148 Cases With Twenty-eight Deaths. Dr. Parker's Report.

By Telegraph to the Morning Star.

WASHINGTON, July 15.—The official publication of the Marine Hospital Service, issued to-day, contains a summary of the yellow fever situation in Santiago de Cuba up to July 10th, prepared by Assistant Surgeon Parker, who is on the ground. He says that up to that date there had been 148 cases with 28 deaths. Dr. Parker also reviews the history of the epidemic. The first case discovered appears to have been that of an American civilian who was taken ill in a saloon. Soon three other cases developed in the same saloon. Referring to the spread of the disease he says:

"The foci of infection have increased almost daily. The first cases were removed from the guard house and band room in the barracks; other cases followed these from the same locality; then cases were traced to the barracks occupied by the various companies, new foci appeared in the town, four cases being removed from a San Francisco house, two doors below this office. Several cases have also been taken from the arsenal. The military hospital is one of the greatest sources of danger, several cases, among them a hospital steward, being traced to the institution."

Dr. Parker says the non-immunes at Santiago are becoming very restless and many are leaving.

FOR HIGHER WAGES.

Strike of Mill Foremen Inaugurated at Fall River, Massachusetts.

By Telegraph to the Morning Star.

FALL RIVER, Mass., July 15—The strike of mill firemen for higher wages was inaugurated to-day, the night men throwing down their shovels at the end of their shift and giving notice that they would not return to-night. The day men stopped at 3 P. M. A full list of night men on strike is being prepared but it will not be possible to estimate the extent of the strike until this evening, when the hour for the next shift arrives.

There are forty cotton corporations in this city but the American print works, the iron works and the Seaconnet mills were not involved in to-day's action and although no statement is available, it is understood that concessions have been made to the men at the places named,

STRIKING MINERS FIGHTING NEGROES

Two Negroes Killed Outright and Another Fatally Shot in Alabama.

WAS A ONE-SIDED BATTLE.

Negroes Were Gathered in Their Mess Hall—Suddenly Fired Upon from Ambush—Firing Became General Throughout the Camp.

By Telegraph to the Morning Star.

BIRMINGHAM, ALA., July 15.—A special to the *Age-Herald* from Ishkooda, Ala., says:

Two negroes were killed outright and another fatally shot in a one-sided battle to-night at Ishkooda between striking miners and negroes, who have been imported to take their places. After the first brush the firing became almost general throughout the mining camp, and the deputies hurriedly sent to the spot have not had time to investigate. Many shots were fired after the first three negroes fell, and it is almost certain that more were hit.

For four weeks the miners, composed in the main of blacks and belonging to the Knights of Labor, have been on a strike. During the past week negroes have been imported from Georgia and other Southern States to take their places. Deputies have been constantly on duty and the strikers have been in an ugly mood.

To-night about 9 o'clock a party of twenty-five or thirty negroes were gathered in one of the large mess halls of the camp, eating watermelons. The house was suddenly fired on from ambush. Fully a hundred shots were fired and the walls were riddled.

The negroes scattered in every direction. When the deputies reached the house they found the bodies of two negroes, shot all to pieces. Sixteen bullets had penetrated one. A third was found almost in a dying condition.

Shooting continued at intervals for an hour or more, but the damage done, if any, is not known.

NEW PEACE PERSUADER.

Three-Inch Field Gun of a Deadly Type That May be Sent to the Philippine Islands.

By Telegraph to the Morning Star.

WASHINGTON, July 15.—The War Department has recently concluded an exhaustive series of experiments at Sandy Hook with high explosives and light field guns that promises, if adopted, to result in arming the troops in the Philippines with the most advanced type of light field guns in the world. The board has decided on a type of field gun which can fire fifteen armed shots per minute, which can be operated by one man, and which its full crew can take to pieces in fifteen seconds for loading on mule-back for transportation wherever needed. It is three-inch caliber, can carry solid shot, shrapnel or a bursting charge of high explosive which will kill by concussion in a radius of 200 feet. The high explosive has been tested for a year, and said to be superior to either lydite, the British, or melinite, the French high explosives.

HANDLING RICE.

Transportation Companies in Louisiana Will Resist Rates Fixed by the Railroad Commission.

By Telegraph to the Morning Star.

NEW ORLEANS, July 15.—The determination of the railroad and steamboat companies to resist the rates fixed by the Railroad Commission for the handling of rice from the country districts threatens seriously to interfere with the prompt transportation of this year's crop to market. To-day the new rates of the Railroad Commission go into effect and the Southern Pacific has brought a suit for an injunction at Baton Rouge to prevent their operation on the ground that they are unjust. Captain J. B. Woods, of the St. Louis and New Orleans Line, declares the steamboats will make no attempt to handle rice this season unless old conditions are restored.

RIOTING AT CHERBOURG.

Many People Wounded—Police Station Besieged by a Party of Marines.

By Cable to the Morning Star.

CHERBOURG, July 15.—Early this morning more arrests were made, owing to the police station being besieged by a party of marines who demanded the release of their comrades. The windows of the station were broken.

Soldiers, with drawn swords, persued men who were engaged in tearing down lanterns after the national fete. The rioters in several places attempted to provoke the infantry of the line by insulting cries. The troops, however, remained calm. Many people were wounded during the rioting, but there were no fatal cases reported.

The riotous marines, among other excesses, stripped a woman naked in the middle of the street, in spite of the efforts of the populace to rescue her.

Among those injured were a number of infantrymen.

NORTH ATLANTIC SQUADRON.

A Boat Race—Won by the New York's Crew—Fleet to Sail To-day.

By Telegraph to the Morning Star.

PORTLAND, ME., July 15.—A boat race between crews of twelve men each and a coxswain from the New York, Indiana and Texas, was the chief feature of the visit of the North Atlantic squadron at this port to-day. The course was about two miles long. The New York crew won by a length from the Indiana crew. The Texas crew was a quarter of a mile behind.

This afternoon seven hundred sailors were entertained at Peaks island with a clam bake and various athletic sports, and the officers of the fleet were given a reception by the Cumberland club. The fleet is expected to sail at 2 o'clock to-morrow afternoon.

It is believed that nothing short of a miracle will prevent a tie-up of the Brooklyn N. Y., trolley roads to-day. The strike is scheduled to begin at 5 o'clock in the morning and all Brooklynborough went to bed last night expecting to stay at home or walk.

THE SITUATION IN THE TRANSVAAL.

British Government Means to Obtain Reforms, Forcibly If Necessary.

THE BOERS' INDIFFERENCE.

British Forces in South Africa Are Being Increased by Every Steamer and the Avoidance of Harsh Measures is Becoming More Difficult.

By Cable to the Morning Star.

LONDON, July 15.—Another week of bickering, of heated invective and vituperation, accusations of tyranny on one hand and treason on the other, of increasing distress among the Outlanders of the Rand, owing to the dislocation of business, of military preparation, and, throughout all, the apparent maintenance by the Boers of their stolid attitude of indifference.

All the representations made have only served to add to the perils of the Transvaal situation, and everything tends to confirm the opinion that the Imperial government means to obtain reforms. The ministers have practically pledged themselves to enforce them peacefully if possible, otherwise forcibly.

The Empire appears absolutely united on this subject. On top of Queensland's offer of troops to serve in South Africa should an emergency arise, the report of the debate in the Canadian parliament and the tone of Sir Wilfred Laurier's and Sir Charles Tupper's remarks, have caused the greatest satisfaction here.

In the meantime the British forces in South Africa are being increased by every steamer, and the advoidance of hard measures, the end of which is difficult to foresee, and which threaten to spread far beyond the confines of the country giving rise to them, is becoming daily more difficult.

STRIKING GLASS BLOWERS.

A Number of Arrests Made at Bridgeton, New Jersey, for Complicity in Thursday's Rioting.

By Telegraph to the Morning Star.

BRIDGETON, N. J., July 15.—Fifteen striking glass workers have been arrested, charged with complicity in Thursday's riot. A number of the men are charged with intent to kill, and were held in $500 bail for a further hearing next Monday. The charge against the others is rioting, and they were required by Mayor Applegate to furnish $200 bail. Warrants are out for other strikers, and Mayor Applegate declares that he will use all the means in his power to put a stop to lawless acts.

Officials of the Central railroad are here to-day to ascertain the amount of damage done to the company's property.

Eight more of the striking glass blowers were arrested later in the day, making twenty-three in all. Bail was secured for all of them, for the hearing on Monday.

ORGANIZED IN BOSTON.

Uprising of the Negro Race Against the McKinley Administration—Revolt at the Ballot Box.

By Telegraph to the Morning Star.

BOSTON, July 15.—The *Post* will say to-morrow:

"An uprising of the colored race against the administration at Washington is being organized in Boston. This is the seat of the movement, that is proposed wherever the colored people are populous.

"The instigators assert that it will mean the downfall of McKinley, imperialism and the Republican party.

"The object of this organization is a revolt at the ballot box. But there are those among its supporters who would willingly take part in an armed uprising, and who, were it possible, would offer their strength to aid the Filipinos in their struggle for independence."

The *Post* says the negroes have had a conference with Edward Atkinson relative to the organization of a colored auxiliary of the National Anti-Imperialist League.

RECIPROCITY WITH JAMAICA.

California Orange Growers Protest Against Certain Features.

By Telegraph to the Morning Star.

WASHINGTON, July 15.—General Harrison Gray Otis who has been in New York for some days on private business returned here to-day to protest against certain features of the reciprocity agreement, tentatively negotiated with Jamaica. The California citrous fruit growers believe that the free entry of oranges, lemons, etc., from Jamaica would injuriously affect their interests and it was in their behalf that General Otis to day saw the President and Secretary of State.

The California regiment is now loading; Colorados leave to-morrow on the Warren; Idahos, North Dakotas and Wyomings next week, as soon as the transport Grant can be coaled."

Both issues of bonds are for thirty years. The city bonds bear 4 per cent. interest and the school bonds 5 per cent.

BAPTIST YOUNG PEOPLE.

Convention at Richmond—Business Sessions—Prizes Awarded—Resolution Denouncing Polygamy Adopted.

By Telegraph to the Morning Star.

RICHMOND, VA., July 15.—After early morning devotional exercises and conferences in the various churches of the city, the members of the Young People's Baptist Union of America repaired to the auditorium and resumed the regular sessions of their convention, the time of the morning session being consumed for the most part in listening to topical addresses by Rev. Dr. W. W. Evarts, of St. Paul, Minn., and Professor E. M. Kierslead, of Acadia University, Molfville, N. S.

The first business of the afternoon session was the presentation of the banners for junior work. The Union City Junior Union of Pennsylvania took the banner for junior Bible readers course; the Detroit Junior Union of Michigan was awarded the banner for the conquest missionary course, and the banner for the sacred literature course went to the Junior Union of South Conconia. The presentation address was made by Rev. Ransom Harvey of Germantown, Pa. This address was followed by junior exercises, consisting of singing, recitations and addresses, which were of a very interesting character. A recess was then taken.

At the night session the report of the Committee on Resolutions was presented and adopted. The feature of this report was the following:

"That we have cause for concern over the increasing activity of the agents of the Mormon religion, and we record our deep chagrin at the election of B. H. Roberts, of Utah, an avowed polygamist, to the House of Representatives, and we do most earnestly call upon every Representative and Senator to use his utmost endeavor to secure the prompt expulsion of B. H. Roberts, in accordance with the provisions of the constitution."

This protest is to take the form of a petition which will be extensively circulated.

Dr. J. L. White, of Macon, Ga., spoke on the vocation of the South, and General T. J. Morgan, on the vocation of the nation.

The convention has decided upon Cincinnati as the meeting place in 1900.
